

Parent Toolbox: Project Breather

Individualized resources for your parenting journey

email mission@coastalfamilypartners.com for more information or call 251-380-6084.

COASTAL
FAMILY PARTNERS

What's in your Parent Toolbox?

Whether you're a new or experienced parent, we all need tools that help us during our parenting journey. We offer free parenting boxes filled with children's books, crafts, parenting strategies/tips, and other resources. Once enrolled, you'll also be invited to our parenting workshops like LENA Start and Parent Cafes. It's regular support for life's most important role.

Referrals

You'll participate in a Family Needs Assessment that helps us connect you to resources

Personalized

Your Parenting Toolbox includes materials that support your family's specific needs and your child's abilities

Our strategy

We are built on the concept of community support and partnerships.

This project is made possible through funding from the Alabama Department of Child Abuse and Neglect Prevention.
